VOL. LX: No. 21. REDWOOD CITY, CALIFORNIA, SATURDAY, AUGUST 21, 1920 ESTABLISHED 1859

COMPLAINT AGAINST KENNELS

A complaint charging Mrs. Henrietta Brown, owner of the Browndale kennels, situated just north of this city, with a violation or ordinance No. 304 of San Mateo county, was filed with Justice of the Peace Ray Griffin by Mrs. Mary A. Lopez, a neighbor of Mrs. Brown, Tuesday. Ordinance No. 304 regulates the keeping of dogs in the county and makes it a misdemeanor to have more than two dogs on a place that is situated within half a mile of any other person's home without first procuring a permit from the board of supervisors. Mrs. Lopez in her complaint says Mrs. Brown has more than 25 dogs on her place.

Mrs. Brown had a permit under the ordinance to keep more than two dogs at the kennels, but following a petition circulated some time ago by John Lopez, husband of the complainant, and signed by several of the adjoining residents, the board withdrew the permit. Mrs. Brown has continued, however, to conduct her kennels.

The latter, according to a letter received here by a friend, cleaned up $50,000 on the transaction. The company has four more shipments of the same size ready for delivery during the balance of the year. They want five acres. The officials of the company were taken to all the factory sites here by M. J. Knox, president of the chamber of commerce; F. K. The animals were killed on the Dumbarton railroad tracks, which run through the Sweeny ranch, on August 26, 1919. The horses were grazing near the track when a freight train happened along and ran into them. The complaint filed by Mr. Bollinger alleges carelessness on the part of the company.

A SWISS OPINION

According to the back files of "La Colonia Svizzera," the leading Swiss publication west of Chicago, its editor, Arnold Battaglini, was one of he few political prophets in the country who assumed with certainty he selection of Senator Warren G. Harding of Ohio by the Republican national convention. For months Battaglini predicted editorially the ultimate selection of Senator Harding as the Republican standard bearer.

"La Cononia Svizzera," which has been a Republican journal since its its establishment in San Francisco in 1879, on April 2, more than two months before the Chicago convention, said in its leading editorial:

"You may not hear a great deal about the senator from Ohio, but, take it from me, when the smoke of the primary battles will be over, should the delegates be looking for a compromise candidate upon whom all factions could readily agree and who would lead the Grand Old Party to a memorable victory, in all probability his name would be Warren G. Harding of Ohio. A man of commanding appearance, a natural leader is this solid, conservative, eloquent, personally magnetic son of the state that has succeeded Virginia as the mother of presidents."

CITY TRUSTEES MET MONDAY

The city trustees spent the greater part of Monday night's session examining different brands of fire hose that had been submitted with competitive bids for furnishing the fire department with 500 feet of 2½-inch hose. Five rubber firms submitted bids, as follows: The Bi-Lateral Fire Hose Company of Chicago, the United States Rubber Company, the American Rubber Manufacturing Company, the Pioneer Rubber Mills and the Republic Rubber Mills.

After examination of all the samples of hose submitted the board finally decided upon the "Victor" brand of the Pioneer Rubber Mills offered at $1.30 a foot. With the hose matter otu of the way and the tables cleared of the many samples the rest of the business that came before the board was kuickly disposed of.

Trustee Tuchsen was called away from the meeting, but before going reported that he had had a conference with Col. E. E. Winslow of the United States war department in San Francisco in regard to the improvement of Redwood's channel and learned that while the latter was not opposed to the plan of dredging the creek up to Main street he wanted to more desirable than building a road to deep water. He had requested that more data in the matter be furnished him.

S. H. Frank & Co. submitted a report to the board giving the amount of their merchandise shipped in and out of Redwood harbor during the year 1919 as 12,208 tons. The report was ordered referred to the utility committee on motion of Trustee McNulty, seconded by Trustee Mabie.

Trustee McNulty brought up the question of repairing Main street and the Broadway crossings, so long promised by the Southern Pacific Company. He said the Main street crossing was now almost impassable and was a disgrace to the city. He wanted to know if something could not be done to force the railroad company to take some action in the matter.

Trustee Mabie stated that he understood that the company had in mind the repairing of the crossings by using 4-inch planks. City Engineer Dimmitt reported that two weeks ago the Southern Pacific had received bids for constructing new crossings by using a concrete base underneath the ties and an asphaltic top. He had not heard, he said, whether the contract had as yet been awarded.

FREE FOR CONGRESS

Arthur M. Free is the logical candidate for congress in this district. He is a young man of ability, a splendid orator and a worker and one of the best campaigners in the district. In San Mateo conuty Mr. Free will receive a big vote, for he is as well known here as he is in Santa Clara county. We predict a large vote for him at the primaries.

EARLY PREDICTION OF HARDING FOR PRESIDENT

According to the back files of "La Colonia Svizzera," the leading Swiss publication west of Chicago its editor, Arnold Battaglini, was one of the few political prophets in the country who assumed with certainty the selection of Senator Warren G. Harding of Ohio by the Republican national convention. For months Battaglini predicted editorially the ultimate selection of Senator Harding as the Republican standard bearer.

BUSINESS

Auditor John J. Shields, has written the following article for the K. SC. Bulletin on business. It will be read with interest:

Business, in the ordinary acceptance of the word means the buying and selling of goods or the paying out or receiving of money for services rendered, therefore the conducting or management of a business should be conservative and efficient to the end that the object may be effected with the least amount of expenditure consistent with the greatest amount of efficiency, whether the business be public or private in its nature. In this regard the care and precision used in conducting the business of a county, which is but a public corporation, should not differ from those employed in the conduct of a private corporation, tho the system employed must necessarily differ as the object in the one instance is a direct tangible profit on the money invested while in the other, money is invested to bring about and maintain conditions by which the people, who are the stockholders in the public corporation, may earn for themselves. And what are these conditions; simply law and order, and without law and order confusion would reign and it would be impossible to conduct business of any kind whether public or private.

Therefore to carry out the functions of a county government, revenue is required.

In a future issue of the "Bulletin" the writer will treat on the varoious sources of revenue and the system employed to procure it.

The price of a year of fast living is ten years of regret.

"The Democratic party," says Col. Bryan, "will continue its fight against the profiteers." When one contemplates the success that has attended that terrible "fight" up to date, the word "continues" in this connection is really good.—The Lake Forest (Lake Forest Ill.)

The vote by which Redwood City people decided to acquire a new site for Sequoia Union High School is significant in more ways than one. Of course it is a matter of local pride that a favorable location shall be secured. It is of even more importance that the integrity of the institution as a part of the public school system of the state be assured. The possibility of anything of the nature of such a change has not been given the slightest attention.

Down at Palo Alto the high school is absolutely under the domination of Stanford University. One trustee is a professor in the university, another has a boarding house on the campus, two others are Stanford graduates. The school building itself is built on land rented from Stanford. COUNTY BOARD IN REGULAR SESSION

The board of supervisors met in regula rsession Monday, August 16, at 10 a. m., there being present the chairman, John MacBain, presiding, T. L. Hickey, Mrs. Rosalie Brown and Dr. C. V. Thompson. Absent, Supervisor Joseph M. Francis.

A communication was received from County Auditor J. J. Shields asking for an appropriation of $200 to procure help in his office in computing and extending the taxes on the rolls during the month of September. The request was granted on motion of Thompson seconded by Hickey.

The San Mateo County Sosial Service Commission, through its executive secretary, Miss Florence Boggs, submitted its annual report for the year ended June 30, 1920, which was received and ordered filed, on motion of Thompson, seconded by Mr. Hickey.

The report showed expenditures for the period of twelve months as follows:

Outside relief	$39,078.49
Administrative	5,739.09
Emergency hospital	1,026.94
Total	$45,844.52
Refund of state	14,567.04
Actual cost to county	$31,277.48

A communication was received from Dr. N. M. MacKenzie of Redwood City stating that on account of his rapidly increasin g business it would be necessary for him to tender his resignation as dental surgeon for the emergency hospital. The resignation was accepted on motion of Hickey, seconded by MacBain.

Chairman MacBain on his request was granted permission to leave the state for a period of thirty days.

A communication was received from County Tax Collector Ambrose McSweeney asking permission to leave the state for one week and one from County Surveyor Kneese asking for permission to leave the state for ten days. Both permits were granted on motion of Thompson, seconded by Hickey.

The report of Miss Anne Bell Bailey, county librarian ,for the month of July was received and ordered filed.

The trustees of the Sequoia Union High School district submitted the returns of the special election on Friday, August 13, held for the purpose of levying a specia itax of $77,000 to purchase the Pissis property in Redwood City for a new high school site, in which it was shown that the election carried by a vote of 1134 in favor of the proposition to 22 against. The trustees asked that the board make the necessary tax levy in September to raise the above amount. The matter was ordered referred to County Auditor J. J. Shields.

A communication was read from Attorney John F. Davis asking the board to go ahead with the levying of the special tax in September to raise the $10,000 to provide equipment for the proposed new fire district in the unincorporated town of Colma. The communication was ordered filed.

The folowing claims having been approved by the finance committee were ordered passed, on motion of Thompson, seconded by Mrs. Brow

Haynes Auto Sales Company, $2,460, balance due on Haynes car purchased on exchange for the sheriff's office N. J. McNamara, $12.50, rent of house, social service; George H. and Henry Kahn Co., $7.50, repairing eyeglasses, social service.

The proposed meat inspection ordiance drafted some time ago by District Attorney Swart was again presented by the latter and after being carefully read and discussed it was ordered, on motion of Hickey, seconded by Thompson, that the ordinance be taken up for passage on Tuesday, September 7, at which time all persons interested are invited to be present.

Supervisor Hickey, who had been appointed by the board some time ago to arrange for the placing of a tablet in the corridor of the courthouse containing the names of the service men of San aMteo county who had died in the late war, addressed the board in the matter and asked that a letter received by County Purchasing Agent Werder from William Bodirsky, secretary of Redwood City Post No. 105, American Legion, be read, which explained the reasons why the above idea had not yet been carried out.

The letter showed that great difficulty had been experienced by the war department in securing accurate data and statistics covering the location of the homes of the boys who had fallen and the causes of their deaths. In view of these facts, the letter stated, the American Legion had gone on record as being opposed to any permanent monuments being erected until complete records had been secured.

A communication was received from Stuart A. Smith of San Francisco submitting quotations on the Tellsmith portable crushers. Smith was present at the meeting and addresesd the board, explaining the merits of the above machinery and its value to the county as a money saver in carrying out road improvements.

The board on motion of Thompson, seconded by Hickey, voted to purchase one of the crushers at a price of $3,612, the agreement being that the machinery would be delivered in good working condition.

On motion of Hickey, seconded by Thompson, Chairman MacBain was authorized to purchase while in Los Angeles during his visit to inspect a new road paving process, if he saw fit, an oiler, to be paid for out of his own road fund.

Adjourned to September 7.

GUILTY OF LARCENY

Mme. J. Penton, found guilty of petty larceny by a jury in the superior court last Tuesday afternoon, was up for sentence before Judge Buck on Thursday afternoon. Her attorney, Mr. Blanchard, asked for probation. The court stated that he would like to investigate her character and antecedents, as reports came to him which he would like to have looked into. The matter was referred to the probation officer to report on September 2.

This was Mrs. Penton's third trial, the jury disagreeing at former trials. She was defended by Attorney H. A. Blanchard of San Jose and James T. O'Keefe of Redwood City. District Attorney Franklin Swart prosecuted the case.

TO BE TRIED AUGUST 26

The trial of I. Cerni, charged with the crime of rape, has been set for August 26. He will be defended by Albert Mansfield.

governing policy it is not at all probable that any further effort will be made along that line in San Mateo county. High schools outside the sphere of immediate influence of Stanford will be developed as they should be—according to the plans of the state board of education and as part of the public school system of California. The people who support these schools are not ready at present to transform them into feeders for private schools. Patrons of Sequoia Union High School can rest assured that they will have a school that will meet the demands for education locally. They will also have the satisfaction of knowing that they have retained the management in their own hands, so that what they may want in the future they can secure. So the vote in favor of the site purchase was a wise one in several ways. Its effect will be for the best interests of the school and the community.

SUTTER COUNTY ENDORSES SAMUEL M. SHORTRIDGE

Endorsement by the Sutter County Republican Central Committee, the fifteenth county endorsement, heads the list of pledges of support received this week by Samuel M. Shortridge, Republican candidate for United States Senator.

Shortridge's southern California strength was increased by the formation of ten more Shortridge-for Senator clubs in Los Angeles; the endorsement of the Sixty-fourth Assembly District Republican Club and the organization by Veterans of three wars in San Diego of a big Veteran's Shortridge Club.

Frank McGowan, former state senator from Humboldt county, has announced himself for Shortridge in a strong statement endorsing the candidate for "his able and eloquent arguments against the League of Nations" and "his record for many years past as a staunch and unyielding protectionist, because he believed that that policy is best calculated to advance every material interest of our country and to give to American labor better conditions." McGowan said:

"I know that Samuel M. Shortridge has eloquently spoken for the protection of American labor and I know that hew ill be loyal to this doctrine. For many reasons California ought to have a protectionist int he United States Senate, and I know of no one more able or eloquent to present this dictrine than Mr. Shortridge.

The evident effort of Governor Cox and his advisers and aids to aid the public in forgetting, as far as possible the Wilson demand for a ratification of the league of nations, is showing early in the campaign how little stomach the democrats have for the issue they are being forced to accept.—Eureka (Calif.) Humboldt Times.

Those who expect to make democratic capital out of the name, Roosevelt should remember Shakespeare's question, 'What's in a name?' George Washingtons have been hanged, there are Abraham Lincolns in the penitentiary, and Grover Cleveland Berg dol is still at large. There is no reflection on the character of the democratic candDidate for vice-president. Indeed the ticket would look better if the names of its leaders were transposed.—Logan (Ohio) Republican.

Before the campaign has gone very far we believe that every American voter will know and nuderstand the position of Senator Harding upon every question before the American people.—Los Angeles Times.

OUR HIGH SCHOOL

The vote by which Redwood City people decided to acquire a new site for Sequoia Union High School is significant in more ways than one. Of course it is a matter of local pride that a favorable location shall be secured. It is of even more importance that the integrity of the institution as a part of the public school system of the state be assured. The possibility of anything of the nature of such a change has not been given the slightest attention.

Down at Palo Alto the high school is absolutely under the domination of Stanford University. One trustee is a professor in the university, another has a boarding house on the campus, two others are Stanford graduates. The school building itself is built on land rented from Stanford. The idea of consolidation of Seqouia, Mountain View and Palo Alto high school districts, the creation of a junior college at Palo Alto and the making of these other districts mere annexes was proposed by Miss Agnes Howe, superintendent of schools of Santa Clara county. She is a Stanford graduate. In the campaign when she was elected she had the active support of the Stanford people. Bateman, who was defeated, was one who would not submit to Stanford domination. So it is not surprising that the consolidation proposed by Miss Howe has the sanction of the community where Stanford people predominate. It appears to be the policy to divert the high schools in this vicinity from fulfilling their functions as units in the state school system and make them mere fratcions in the scheme of Stanford upbuilding. No one objects to Stanford progress, provided it is legitimate; the opposition rises only when the integrity of the districts is sought to be disrupted.

Had the people of Sequoia Union district refused to vote for the purchase of a new site there would have been continued agitation for the consolidation. Ultimately it might have prevailed. But with the district committed to an independent and self-

COUNTY BOARD IN REGULAR SESSION

The board of supervisors met in regula rsession Monday, August 16, at 10 a. m., there being present the chairman, John MacBain, presiding, T. L. Hickey, Mrs. Rosalie Brown and Dr. C. V. Thompson. Absent, Supervisor Joseph M. Francis.

A communication was received from County Auditor J. J. Shields asking for an appropriation of $200 to procure help in his office in computing and extending the taxes on the rolls during the month of September. The request was granted on motion of Thompson seconded by Hickey.

The San Mateo County Sosial Service Commission, through its executive secretary, Miss Florence Boggs, submitted its annual report for the year ended June 30, 1920, which was received and ordered filed, on motion of Thompson, seconded by Mr. Hickey.

The report showed expenditures for the period of twelve months as follows:

Outside relief	$39,078.49
Administrative	5,739.09
Emergency hospital	1,026.94
Total	$45,844.52
Refund of state	14,567.04
Actual cost to county	$31,277.48

A communication was received from Dr. N. M. MacKenzie of Redwood City stating that on account of his rapidly increasing business it would be necessary for him to tender his resignation as dental surgeon for the emergency hospital. The resignation was accepted on motion of Hickey, seconded by MacBain.

Chairman MacBain on his request was granted permission to leave the state for a period of thirty days.

A communication was received from County Tax Collector Ambrose McSweeney asking permission to leave the state for one week and one from County Surveyor Kneese asking for permission to leave the state for ten days. Both permits were granted on motion of Thompson, seconded by Hickey.

The report of Miss Anne Bell Bailey, county librarian ,for the month of July was received and ordered

Haynes Auto Sales Company, $2,460, balance due on Haynes car purchased on exchange for the sheriff's office N. J. McNamara, $12.50, rent of house, social service; George H. and Henry Kahn Co., $7.50, repairing eyeglasses, social service.

The proposed meat inspection ordiance drafted some time ago by District Attorney Swart was again presented by the latter and after being carefully read and discussed it was ordered, on motion of Hickey, seconded by Thompson, that the ordinance be taken up for passage on Tuesday, September 7, at which time all persons interested are invited to be present.

Supervisor Hickey, who had been appointed by the board some time ago to arrange for the placing of a tablet in the corridor of the courthouse containing the names of the service men of San aMteo county who had died in the late war, addressed the board in the matter and asked that a letter received by County Purchasing Agent Werder from William Bodirsky, secretary of Redwood City Post No. 105, American Legion, be read, which explained the reasons why the above idea had not yet been carried out.

The letter showed that great difficulty had been experienced by the war department in securing accurate data and statistics covering the location of the homes of the boys who had fallen and the causes of their deaths. In view of these facts, the letter stated, the American Legion had gone on record as being opposed

A POETIC TRUTH

We are free to confess that since our "school days," when we were compelled to analyze, memorize and even apostrophise some one's so-called poetic effusions, we have not had much use for the rhymsters. However once in a while—some of them do conceal a thought or two worth while, as witness the following:

Oh Where.

Oh, where are the mothers of long ago,
Who'd shrink with horror at today's leg show?
Where is the mother who would tan the hide
Of the daughter who'd think of riding astride?

Mothers, whom the high cost of living distresses,
Why not put your boys in your daughter's old dresses?
When your girl in breeches have all modesty lost
You'll remember you have paid "the high cost."

You maidens with bare backs, naked breasts and bare arms,
To all manly men, have lost your sweet charms,
You are neither dressed up, nor are you dresesd down,
With but little more goods than a veil for a gown.

Now don't try to blush, you daughters once fair,
For the sweet modest blush no longer is there,
Oh, where are the fathers, once the family's head?
I am sure I don't know, I guess they're all dead.

The Best Suits at the Price

—and the men of this town should know it

$47.00

The headline is a very positive statement—and it's true. These suits at $47 are easily the best values in Palo Alto for many months; they were tailored especially for our five stores by Hart Schaffner & Marx and stand today as suit values we can enthusiastically boost, and men should buy.

They're not ordinary $47 suits, as suits are judged today. Their real worth is much more, and if they were not bought in vast lots for our five stores; we would have to price them much higher, too. Many styles—singles and doubles, young fellow's models, conservative styles in natty plaid woolens, cassimeres, tweeds, and novelty mixtures. (See them in our windows). $47 is the price, and remember, we guarantee the value.

Doings at Peninsula Garden Spot As Told in Breezy Style By Our Reporters

W. J. Murray was a classmate of Theodore Bonnett, late editor of Town Talk, who died in San Francisco last week, at St. Mary's College in the late seventies. Mr. Murray vividly recalls the first day Bonnet came to college. He was a bashful, retiring boy and the other students loved to poke fun at him. In those early days of his career Bonnett displayed literary talent in writing prose and poetry. Mr. Bonnett is classed as one of California's literary geniuses whose writings have been read by thousands.

William Solen, a prominent official of the Bank of California, San Francisco, was a guest of Father W. P. Sullivan on Tuesday. They were school mates at St. Mary's College a number of years ago.

James G. Mason will leave today for his cottage at Seabright to remain for the remainder of the month.

Again has victory perched upon the banner of the Menlo Park baseball nine. On Sunday last the team defeated the Sunnyvale nine by a score of 3 to 2. The game was one of the best of the series and was witnessed by a large number of fans. The Menlo team now leads in the league by three games.

Thievesentered the De Natale store Wednesday night taking away two sacks of sugar and a number of packages of cigarettes and other goods. The loss was over $200. Officers are on the trail of the culprits.

E. J. McLaughlin has taken charge of the T. A. Casey shoe store. He is going to put in new machinery, a new stock of shoes and a large stock of gent's furnishing goods. Mr. McLaughlin is going to give the people of Menlo Park a splendid service.

The San Francisquito Cottage owned by the Charles Lathrop estate, was leased this week to Colma parties who moved into the premises on Tuesday.

Mrs. Belle Ellsworth and her charming daughter, Frances, of Santa Barbara are guests of Mr. and Mrs. John MacBain. The Ellsworths resided on Selby Lane some years ago. Miss Ellsworth will attend the University of California next term.

The stork on Wednesday morning August 11, 1920, left a bouncing baby boy at the home of Mr. and Mrs. W. J. Dunel. The proud father is the accommodating superintendent of the Bear Gulch Water company.

The Menlo branch of the Seventh Avenue Riding school that has occupied the Pioneer stables all summer will depart today for the main establishment in San Francisco. Their leaving is somewhat earlier than customary and this is owing to the demand for horses in the San Francisco school. Many of the pupils are also leaving for the city.

The local grammar school will open for the fall term, Monday, August 16, with the same corps of teachers as last term.

Miss Margaret Eadie and her sister Mrs. Jack Briggs, have gone to Seabright for a month. They have taken a cottage there.

John Tuttle has returned from a week's vacation spent in the northern part of the state.

Mrs. Arthur O'Neill and Mrs. John Hedlund arrived home this week from the British Isles where they went last spring. They had a delightful time at their girlhood homes but both young women are glad to get back to California.

Clarence Kavanaugh, the thirteen-year-old son of M. F. K. Kavanaugh of Runnymede, has shown himself a hunter of much prowess. Last week he went with a party of hunters to Mendocino county on his first deer hunt and distinguished himself in killing a 245 pound buck. All week his many friends about the children district are enjoying venison steaks.

Doctor Eaves, a prominent surgeon of San Francisco, has purchased five acres of the old Selby home near the state highway for $10000 an acre. The doctor will erect a palatial residence at once.

Gustav Erickson has commenced the erection of a ten thousand dollar home near the palatial residence of Roy Donley close to Santa Cruz avenue. This fine dwelling will be quite an addition to that section.

Miss Regina Harrington and Miss Lauretta Harrington, two of Menlo Park's charming young ladies, departed yesterday for Seattle for a vacation of two weeks. While in the north they will be the guests of their aunt, Mrs. Lester.

Miss Lorraine Michel, a recent graduate of St. Joseph's Parochial school, has matriculated in Notre Dame Convent at San Jose and will enter that institution when it opens for the fall term on September first. Her brother, William, will enter Santa Clara University when it opens on August 24. He also graduated from the parochial school last June.

Mrs. G. Carroll has disposed of her ice cream parlors to C. Bearest and Henri Rigal, experienced men along this line. They will at once improve the place by putting in a large stock. They will serve sandwiches and short order lunches.

Menlo Park is enjoying a business revival. An electric shop and a carpet cleaning and dying works have started here, a notion store is about to open and a new bank will open its doors next month. There is some talk of a moving picture locating here and during the week several Stanford students were here looking for a location for a large Sorority house.

Joseph Nash, the popular Runnymede farmer, had occasion to visit San Jose on Wednesday last and not returning that evening his friends became alarmed. His business there detained him longer than he expected and neglected to telephone, his relatives became alarmed. Mr. Nash arrived home on Thursday evening safe and sound and was surprised at the flurry of excitement his short absence caused. He fully realizes now what a popular young man he is.

BE CAREFUL IN BUYING SHOES

Shoes that fit now may not fit a month or two later.

Little ones' feet grow fast and unless you provide for this growth, you may pinch and hinder the development of their little feet.

Be sure they are properly fitted in the first place.

The child doesn't know if the shoes fit or not—perhaps you can't tell yourself. Poorly fit shoes mean deformed feet, with the resultant years of pain and suffering.

WHEN YOU BUY SHOES HERE—

You gain the benefit of our years of experience in fitting little children. We always take particular pains to fit properly, watching for freedom for development, and providing for further growth. Absolute comfort reaults always—never any pinching or chafing—we do not sell shoes that are not snugly and properly fitted, and in this way we can be of real service to you when buying shoes for the little ones.
